### **Anti Unemployment Organization Helps Small Business**

Goodyear, Arizona – (BUSINESS WIRE) – Founder and President Joshua Turner of Help My Resume, ([HTTP:// www.helpmyresume.org](http://www.helpmyresume.org)) today announced that the “[Flippin Pay My Bill](#)” contest, a state of Arizona approved contest, is now going to be extended to businesses with the grand prize being \$3,600, which will go towards the businesses utility bills. “Assisting small business is what Help My Resume needs to do to complete the circle of fighting unemployment. Its great to have services for unemployed individuals, but if businesses can’t stay open, what’s the point?” said Josh Turner, Help My Resume’s president and CEO.

This contest introduces the business community to Help My Resume and will assist in helping Help My Resume establish their Business Loan Program, which is to be initiated in the beginning of 2010. The business loan program will allow for new and existing businesses with good or bad credit, to receive up to \$10,000 in a lump sum or as a line of credit to sustain, build, or create new business around the country. With the combination of the “Flippin Creative Business Loan Program” and the other various unemployment services offered to individuals Help My Resume believes that they will have created a complete package of programs that will combat unemployment and decrease the amount of unemployed Americans across the United States.

Details and registration information for the “Flippin Pay My Bill” contest are available at <http://www.helpmyresume.org>. We are limiting the number of entries to only ten thousand businesses to the “Flippin Pay My Bill” contest. Help My Resume will be announcing the winner of this contest on October 1, 2009.

#### **About Help My Resume**

Help My Resume, a Flippin Creative Inc. organization, is a national organization motivated by a love of America, and for the wellbeing of our fellow citizens and the dreams and hopes of a bright future and endless opportunities, each of us as Americans hold dear to our hearts. We work together with our corporate sponsors, private donors, and foundations across the country in order to motivate, build confidence, financially support and equip with new or upgraded skill sets, unemployed Americans and businesses from coast to coast all across the United States.
